Number of children in Family: 2 (Brothers) 1 (Sisters) 0

Child's current situation (Physical; Health; and Education):

John Christian is normal in terms of health He needs to maintain proper and adequate nutrition to help in his growth and development and to prevent him to become malnourished that might compromise his health. This child is soon to be in school (day-care) For the child to become prepared in school he has to be taught & familiarize with educational materials that suite to his age.

Family's current livelihood and economic status:

John Christian's father is company maintenance and he earned \$200 a month. His mother stays home to take care of them. They live in the relocation site provided by the government with a 30sq.meter lot provided to them and they have to pay it monthly, sometimes they were not able to pay due to financial constraints. The family share in a communal water pump for bathing, washing and drinking and for their other water needs.

Additional Remarks:

John Christian's family really hope that somebody will consider him for sponsorship for this is a big help for them. They are especially thankful for any and all the help that World of Hope foundation extended to them and they prayed that God will continue to blessed all who shares their blessing to those care the needy.
